VENUS GROUP INC.

Venus Group is a privately held family business founded in 1972, and headquartered in Orange County, California, with over 600 employees worldwide and a new cut and sew operation, as well as distribution center in Fort Lawn, SC . At Venus, the utmost importance is placed upon the quality of our products to ensure that these products are designed and produced to meet the expectations of our customers. We do this with a winning combination of design, technical expertise and our worldwide, state-of-the-art manufacturing facilities, while maintaining safe, responsible, and sustainable processes. Our in-house design studio in Foothill Ranch, award winning designers, and over 20 textile engineers worldwide ensure that the quality of our products are consistently maintained. They bring enormous value to our customers and our markets through innovative development and cost effective manufacturing. At Venus, we are committed to promoting business practices that are consistent with environmental policy and providing Smart Solutions for a Better World™. Our initiatives start with vertical manufacturing processes to inspire the development of innovative and smart eco-friendly consumer products.

Milliken®

Signature® Plus

Table Linen

Milliken's innovative Signature Plus™ fabric out performs all challengers in terms of elegance, performance, quality, durability and value. Signature Plus has the same soft feel and sophisticated look of original Signature, with dramatically improved soil release—that means a much longer shelf life with significantly fewer stain rejects. The innovative stain release properties of Signature Plus can allow you to wash at a lower wash temperature. And you'll still have the same consistent look day after day. If you've been looking for the premier table linen fabric in the industry, then Signature Plus is for you.

Signature Plus™ is the same fabric as Signature, but with much improved soil release properties. With such a significant upgrade to an already premier product, Signature Plus offers a better return on investment than cotton, spun or blends.

*All colors may vary and are only a representation of the physical samples. White is included.

Milliken®

HORIZON™

Table Linen

White

Ivory

Sandalwood

Maroon

Black

Milliken's elegant new Horizon™ Banquet Tops are the ideal table fabric for larger settings, whether formal or casual. This versatile 122" and 132" banquet-style cloth is seamless for uniformity and comes in 5 popular colors—black, white, ivory, maroon and sandalwood, matching identically with the same colors in our Signature line of table linens. Horizon's unique composition offers unparalleled performance yielding a durable, long-lasting table linen that won't shrink, fade or lint. And because it's made by Milliken, it comes treated with Milliken's proprietary soil release chemistry, adding yet another performance advantage.

*All colors may vary and are only a representation of the physical samples.

Milliken®

Damask HD™

Performance Table Linens

Revolutionary advancements in yarn and fabric construction make new Damask HD's bold designs pop like never before. High-luster designs create a bolder, more distinct color effect with higher contrast. Plus the spun/filament fabric creates the soft, natural feel of cotton without sacrificing the performance you've come to expect from Milliken Table Linens. But good looks aren't the only thing Damask HD brings to the table. Lab tests show that high-performance Damask HD retains its pattern and color definition four times longer than cotton and polyester/cotton blends while resisting pilling and shedding.

BENEFITS

Damask HD's new high luster designs create a bolder, more distinct color effect with higher contrast.

A spun/filament fabric that combines the soft, natural feel of cotton with the performance and durability customers expect from Milliken Table Linens.

Offers elegant looks and new, clarified patterns while retaining durable, pill-resisting qualities.

Patented soil-release technology.

Retains pattern definition and color after numerous launderings.

Lab tests show that the color of Damask HD lasts longer than most cotton and polyester/cotton blends.

Symphony Table Linen

Milliken® Signature® Stripe

Table Linen

Milliken's latest product, Signature Stripe, is a bistro style napkin, made with 100% Signature Plus fabric to give it that soft feel with minimal linting and the soil rejection quality that has become an industry standard. Available now in 16 colors, the yarn dyed stripe stays true even when bleached which means that you can wash it with white signature and you have to replace your linen less frequently.

Size is 18 x 22

Attachment Methods:

Method 1: Snap Clip

Snap clips fasten into steel snaps that are permanently attached to the skirt header. Clips remain attached to the skirt when taken off the table but are easily removed for laundering.

Method 2: Snug-Tight™ Clip

Snug-tight clips have a hook-side tab on the face and attach directly to the table over the table topper. The skirting header is lined with a color-coordinated loop-side strip so it attaches easily to the clips.

Method 3: Hook & Loop

Loop-side strip is sewn onto the skirting header for easy attachment to hook-side tape which is attached to table or stage edges.

CLIPS:

Snap Drape skirting attaches to the table edge with durable, injection molded polycarbonate plastic clips which are guaranteed against breakage in normal use. We've specifically designed clips to fit a variety of table edges. Most clip sizes are available in both Snap and Snug-Tight attachment methods. Clips are not shown at actual size.

Pleat Styles:

Snap Drape skirting is available in five styles: shirred, accordion, box, continuous and banded. Shirred, accordion and box pleat styles are available with either Snap Clip or Snug-Tight™ Clip (hook/loop) attachment. Pleated headers are reinforced with a sturdy backing and sewn with a lockstitch to maintain long lasting, attractive pleats. All styles are available in all fabrics and colors.

Banded

Contour Covers™:

This contemporary design fits over banquet tables with no pinning or clips and the snug form fit eliminates wrinkling. Great for outdoor events. Contour Covers attach to the table with a durable rubber cup that slides under the table leg. They are machine washable/air tumble dry for easy care. The covers are available in rectangles and rounds.

To insure proper fit when ordering rectangles specify the distance between the legs; width and length. When ordering cocktail tables specify the number of legs on the base.

Reinforced Rubber Cup for Attaching to Table Leg
