VENUS GROUP INC.

Venus Group is a privately held family business founded in 1972, and headquartered in Orange County, California, with over 600 employees worldwide. At Venus, the utmost importance is placed upon the quality of our products to ensure that these products are designed and produced to meet the expectations of our customers. We do this with a winning combination of design, technical expertise, and our worldwide, state-of-the-art manufacturing facilities, while maintaining safe, responsible, and sustainable processes. Our in-house design studio in Foothill Ranch, award winning designers, and over 20 textile engineers worldwide ensure that the quality of our products are consistently maintained. They bring enormous value to our customers and our markets through innovative development and cost effective manufacturing. At Venus, we are committed to promoting business practices that are consistent with environmental policy and providing Smart Solutions for a Better World™. Our initiatives start with vertical manufacturing processes to inspire the development of innovative and smart eco-friendly consumer products.

VENUS HEALTHCARE

The Healthcare Division is the latest endeavor for Venus Group, building on years of success in the Hospitality and Institutional markets. Our high quality products are well suited for all levels of the healthcare market – clinics & outpatient services, inpatient services, and long-term acute care services. We partner with our customers to develop cost-effective solutions for their business, through competitive pricing, proper product selection, and linen education programs. With an extensive manufacturing and distribution network, we are well positioned to meet the rigorous demands of the perpetually changing marketplace.
